

Coordinates

Write the coordinates of points A, B C, D and E.

Remember to **go across, then up**. The first one has been done for you.

$$A = 2, 10$$

$$B = \underline{\quad}$$

$$C = \underline{\quad}$$

$$D = \underline{\quad}$$

$$E = \underline{\quad}$$

Draw dots on the chart for the following coordinates

$$F = 8, 4$$

$$G = 10, 6$$

$$H = 10, 10$$

$$I = 11, 9$$

$$J = 14, 3$$
